

# Math Crunch

Separate the crackers into two piles, fish-shaped crackers and square crackers. Starting at one and going up, place one cracker in each box to count how many crackers of each type you have.

# April Showers

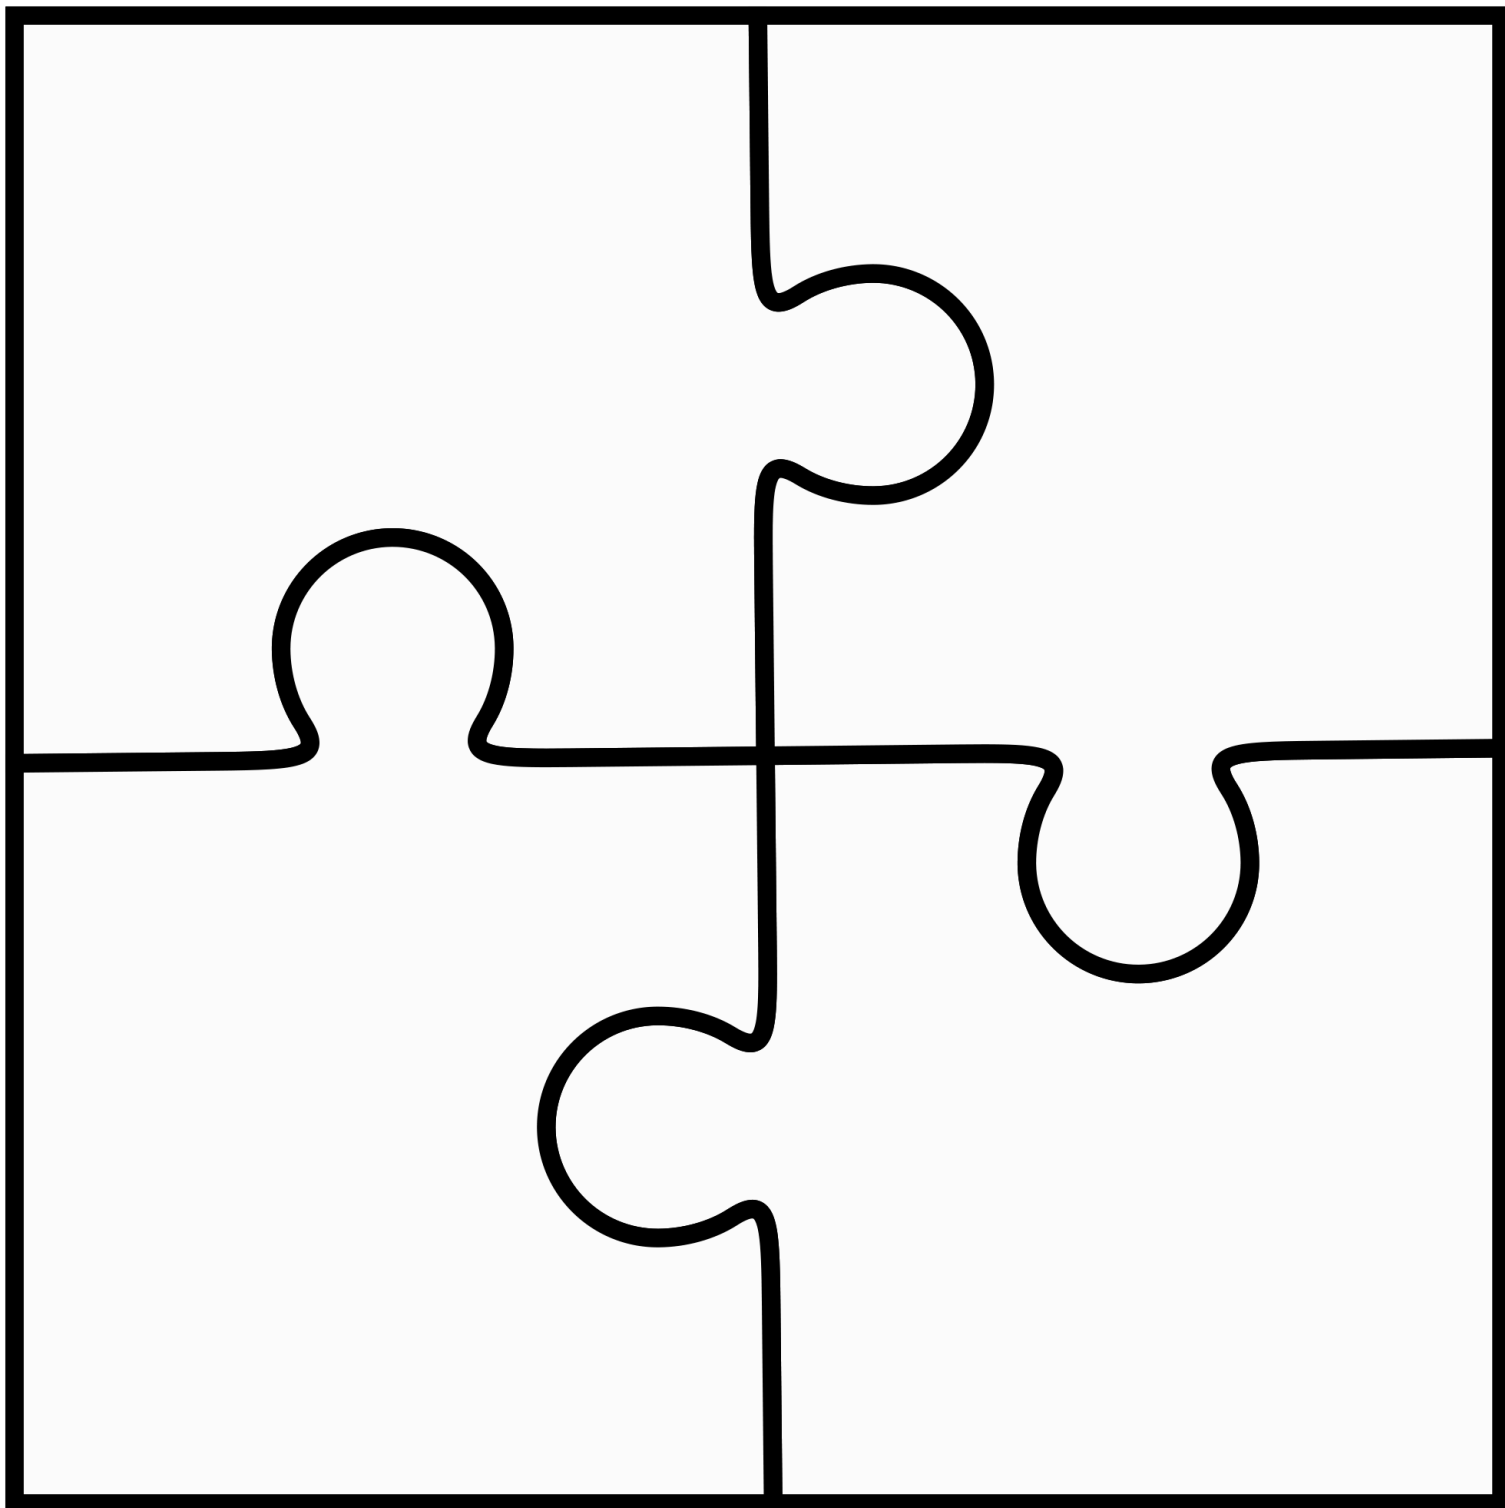

Print this template and cut out the clouds and the raindrops. On a blank sheet of cardstock, help the children glue the three clouds near the top of the paper. Then have them glue the corresponding number of raindrops under each cloud. They can finish up their spring scene by drawing their own May flowers.

CACFP is an indicator of quality child care.

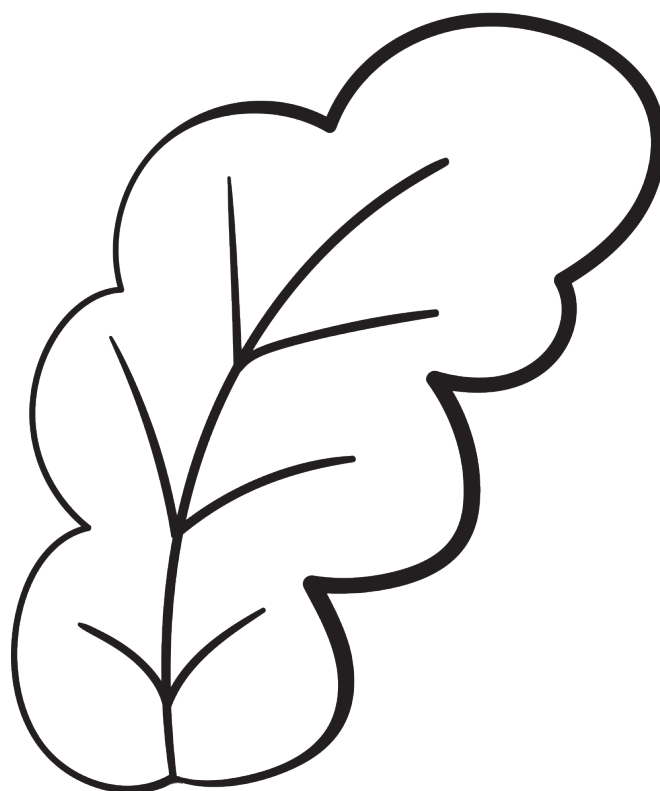

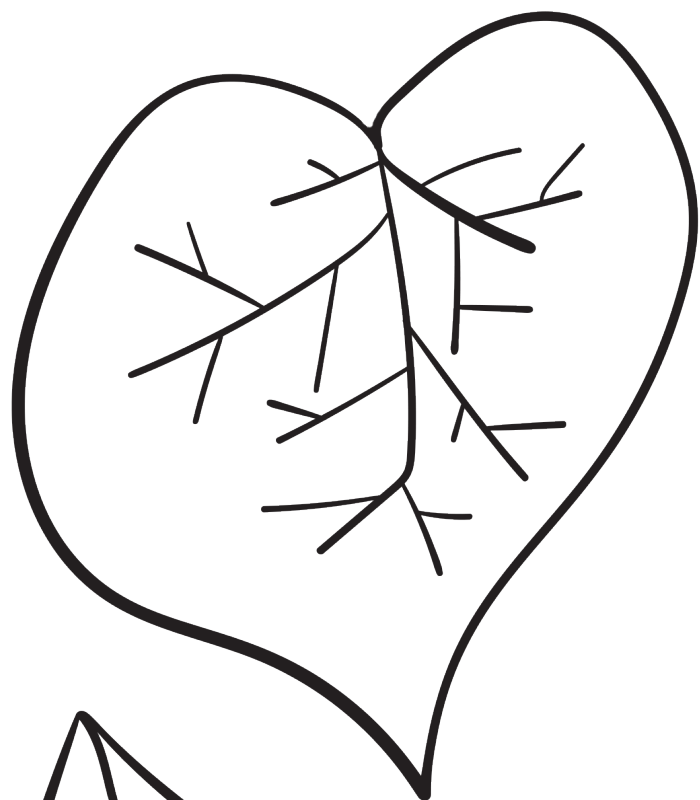

# Puzzle Picture

Draw a colorful picture on the puzzle pieces, but you must fill up the entire puzzle. Cut out the pieces, scramble them up, and put your puzzle back together. Trade with a friend for more fun!

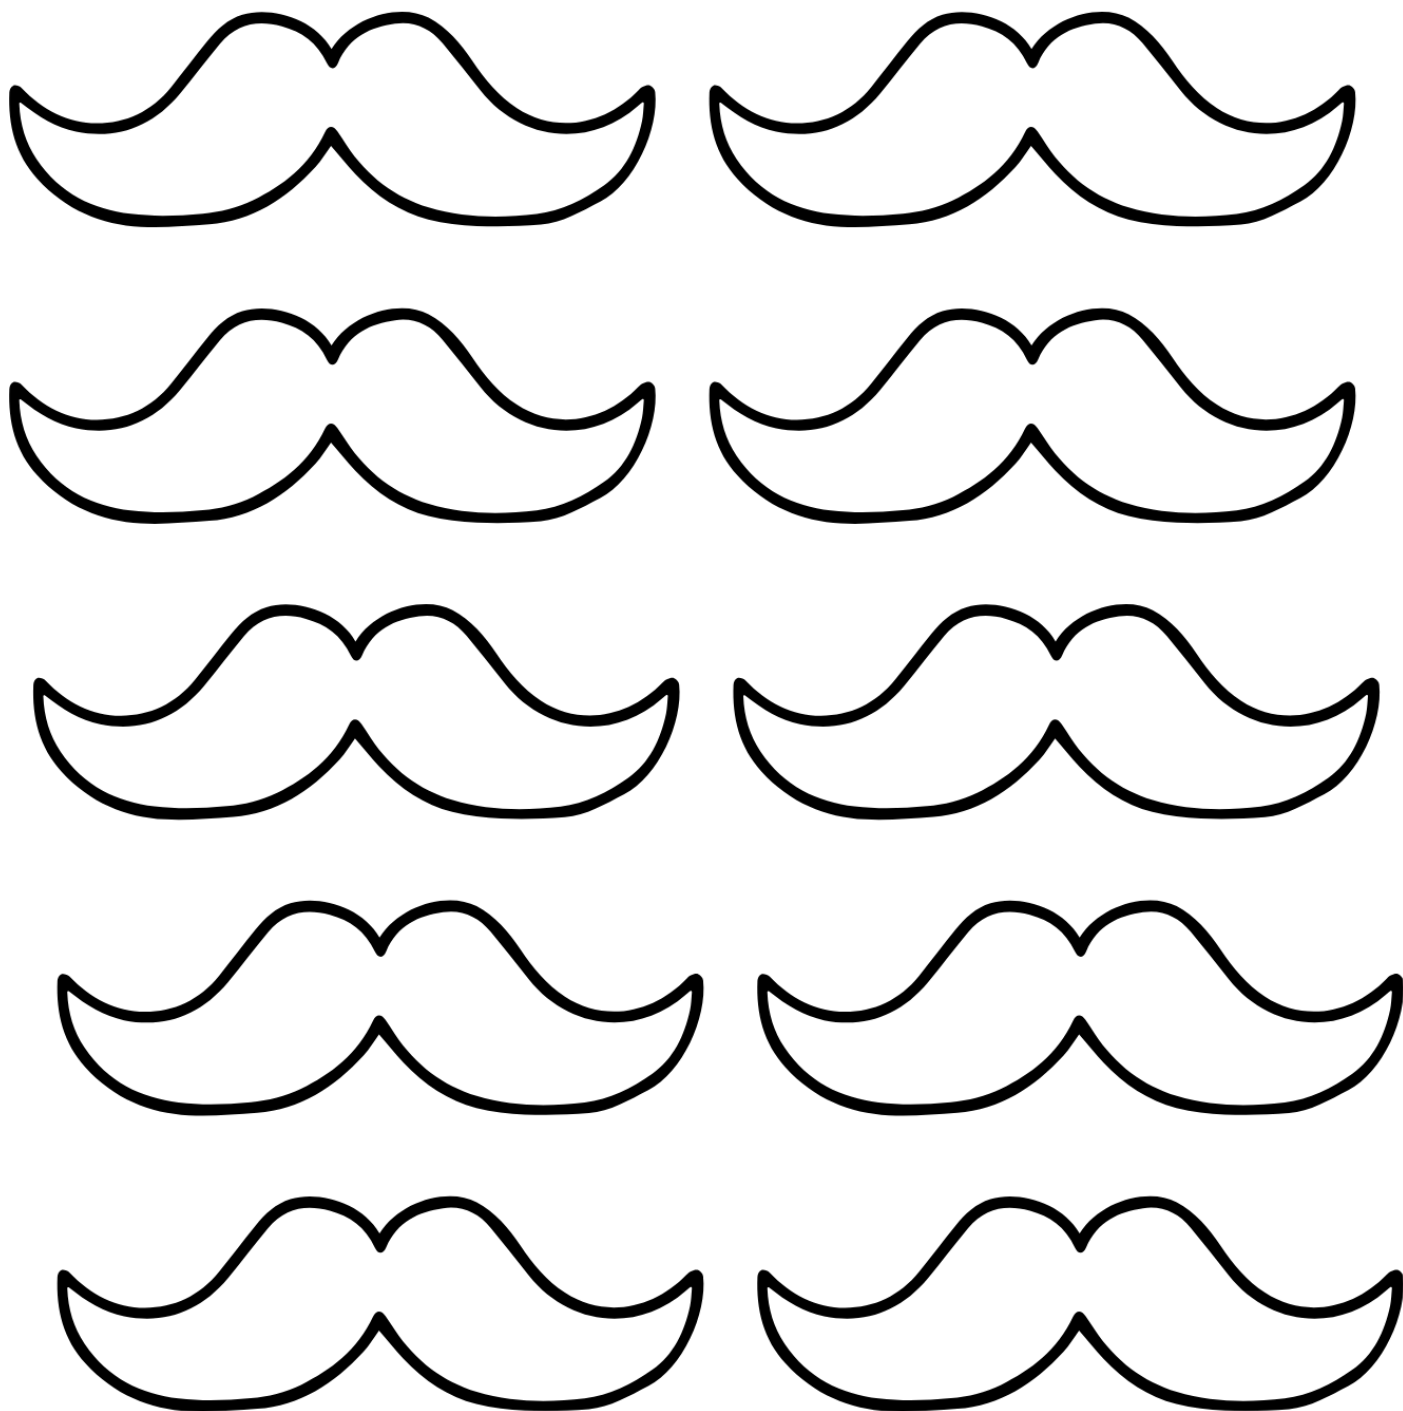

# Tie Dye Leaves

Color or create a design on a coffee filter with markers. Then use an eye dropper to drop water onto the filter and let the colors run together. When they have dried, cut out the template and trace a leaf onto the filter. Cut out the shape to create beautiful tie dye leaves.

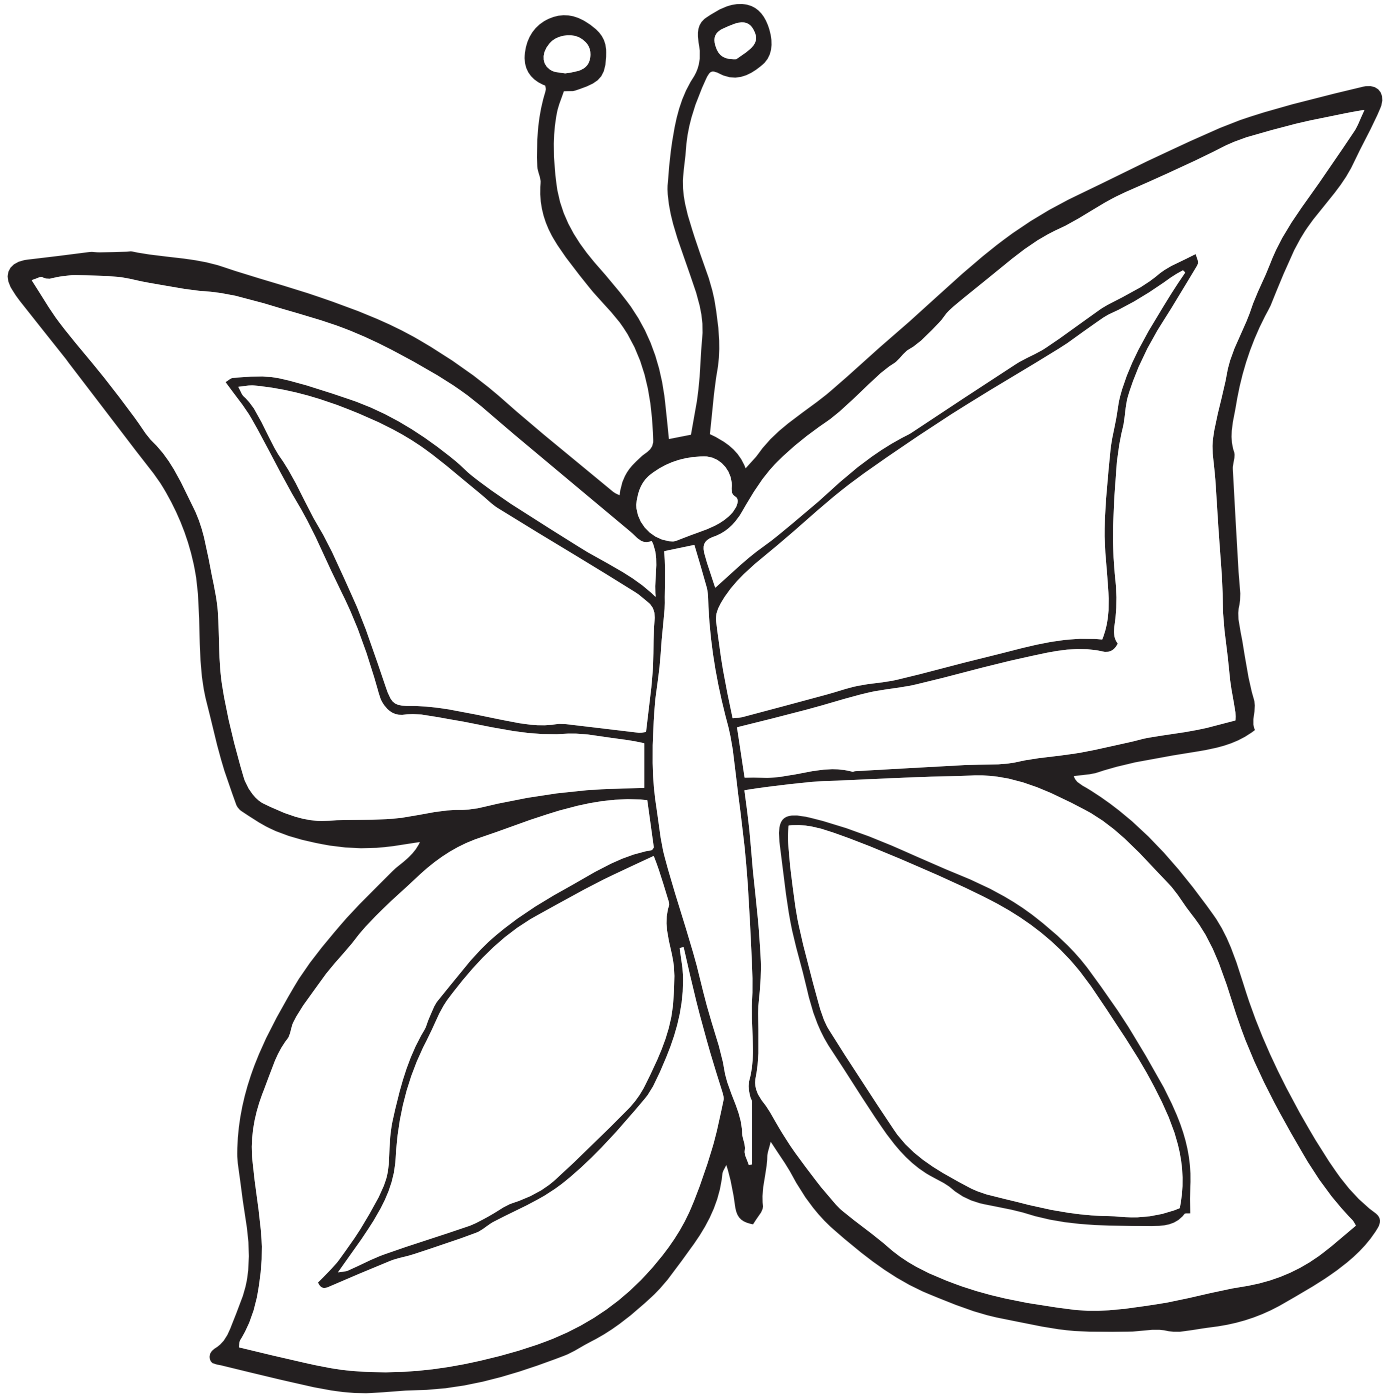

# Moo Game

Cut out the moo-staches and glue each one onto a straw. Give each child a moo-stache. Show them images of food items. If they think the food has calcium in it, they bring the moo-stach right under their nose and say, "moo!"

# Mosaic Butterfly

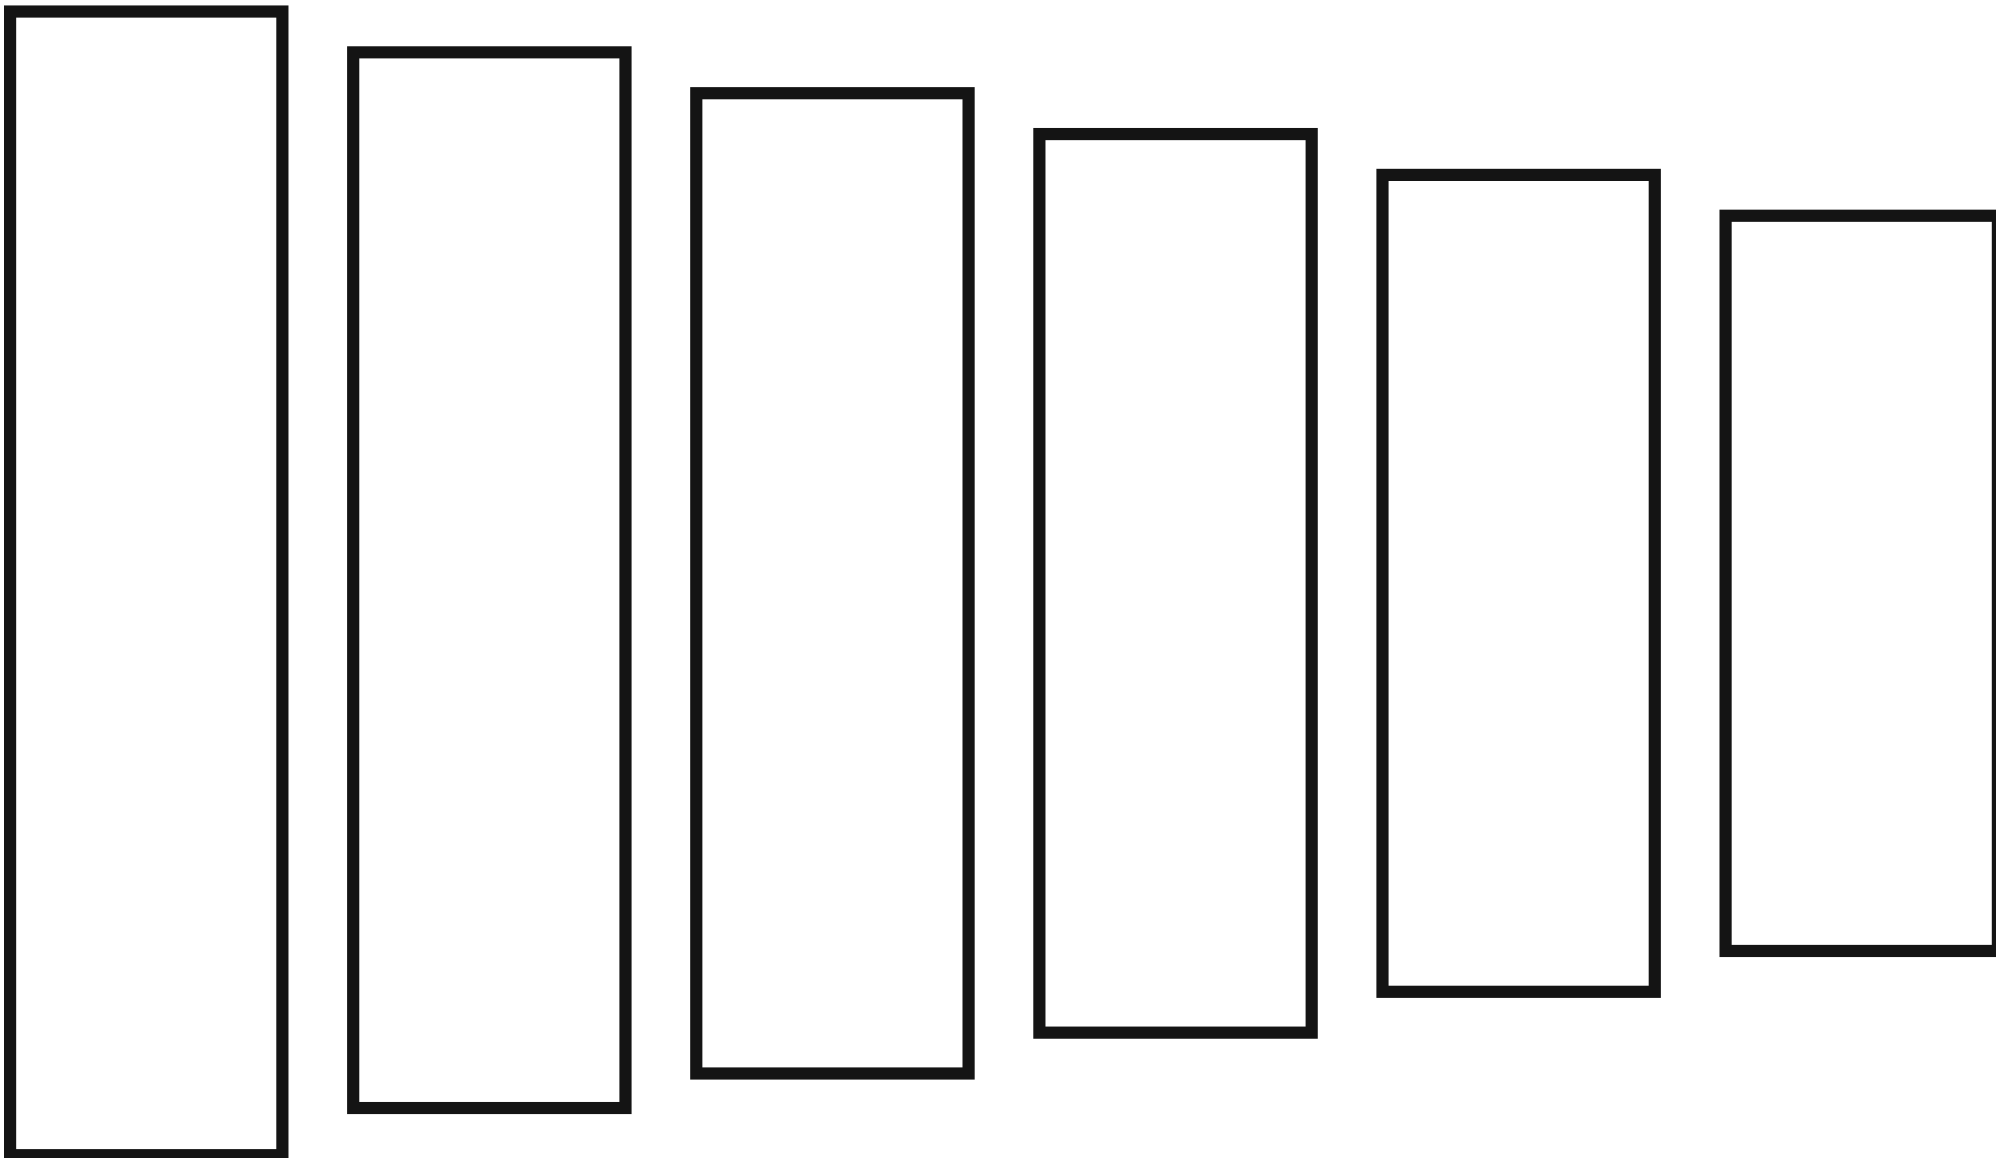

Tear various colors of tissue paper into squares. Then, glue them onto this paper to make a beautiful spring butterfly!

CACFP is an indicator of quality child care.

# Colorful Xylophone

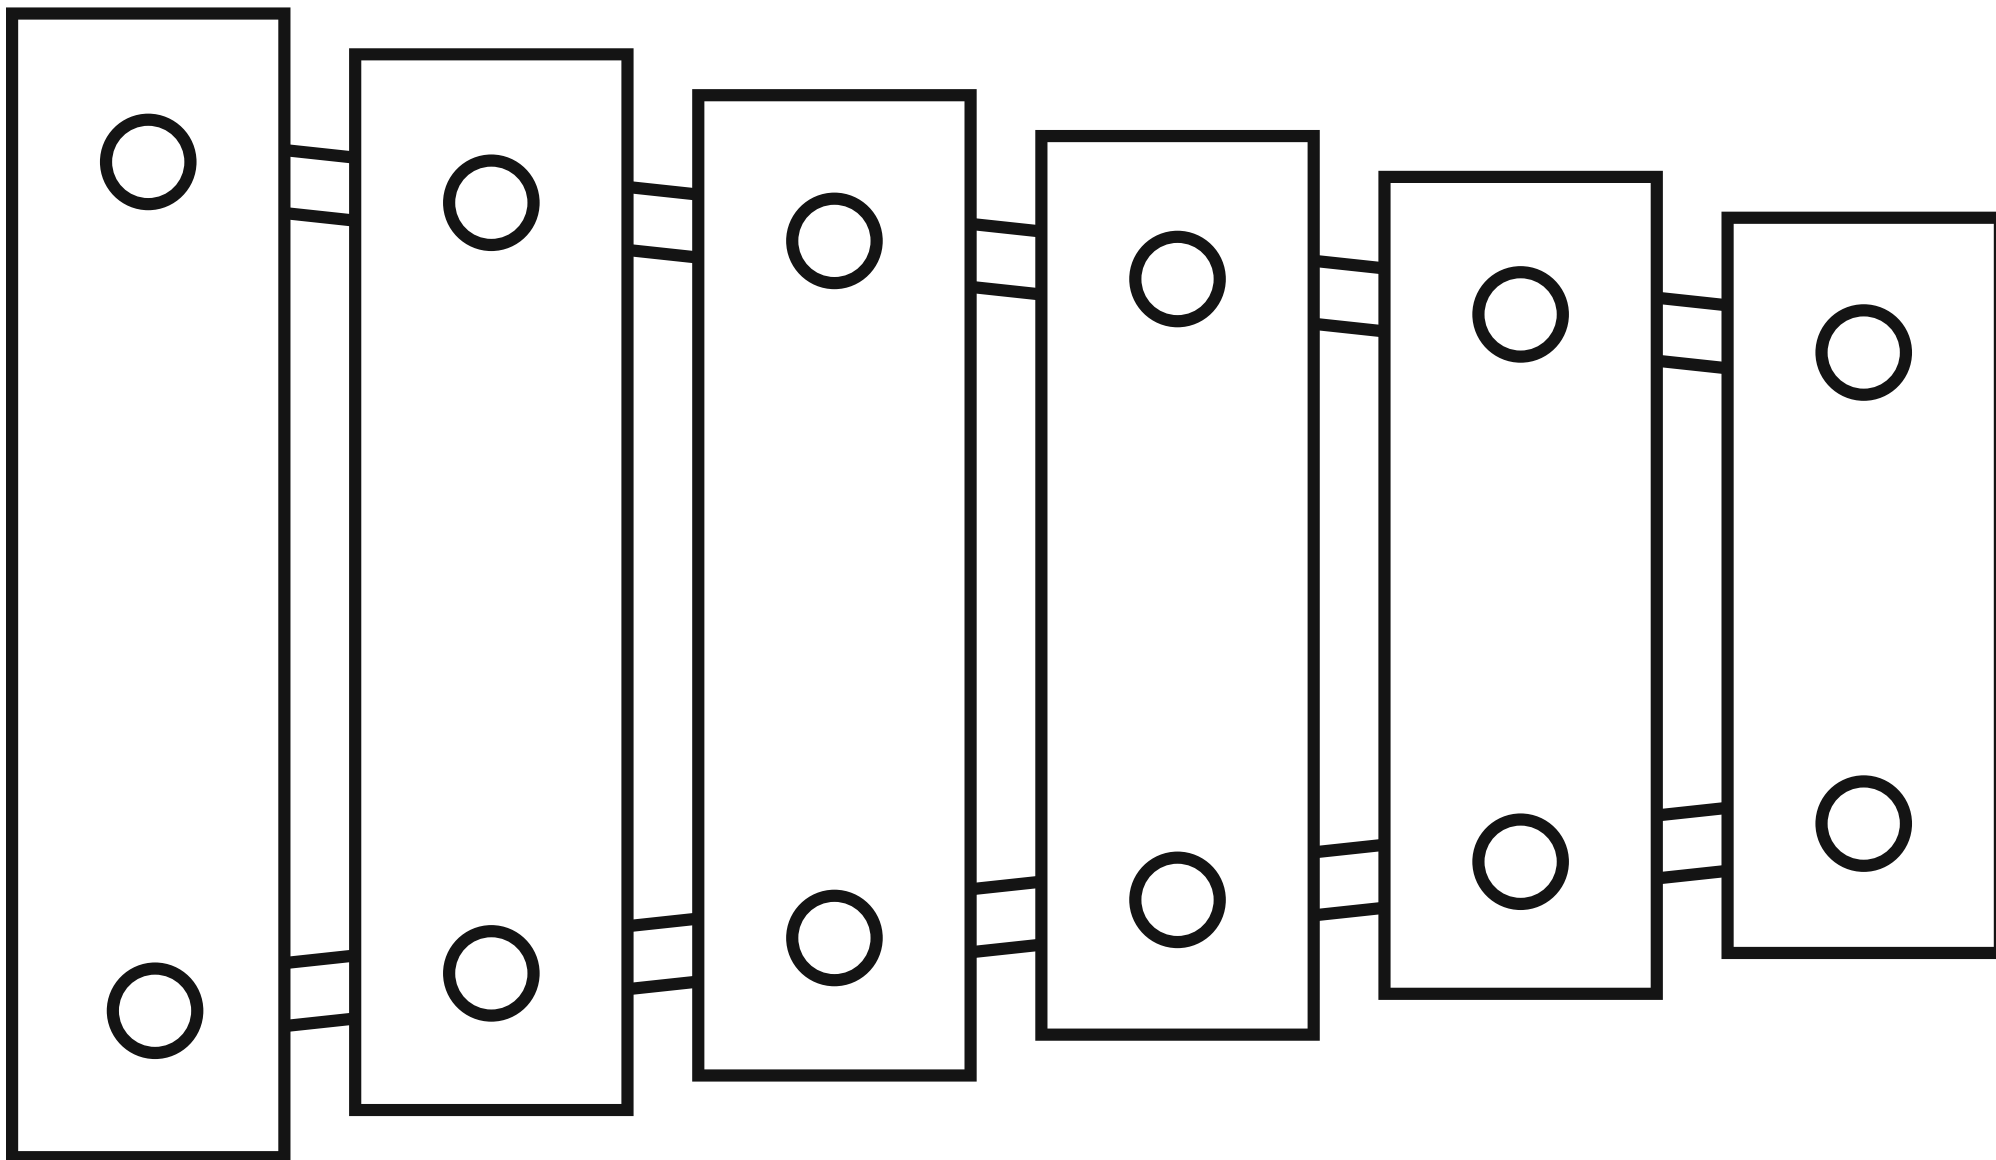

Using different colors of cardstock, print out this template and cut out the rectangles. Give each child one of each size rectangle, each in a different color.

CACFP is an indicator of quality child care.

# Colorful Xylophone

Glue the strips of paper onto the space that matches its size to create your xylophone.

# Alphabet Seek

Cut out the squares and scatter them around a play area. Designate a starting area for the children, and when you say, "go," they will scatter to find all the letters. Once they are all found, they can work together to put the letters in order.

# Shaving Cream Fun!

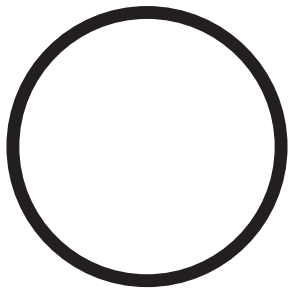

Spray a shaving cream blob into a gallon-size sealable bag for each child. Cut out the shape cards and put them in a container. Draw a card and have the children practice drawing that shape into the shaving cream bag.
